

## Quarterly Progress Report for Skylab/EREP Investigation

NASA Lewis Contract No. C- 21372 -C

"Made available under NASA sponsorship  
 In the interest of early and wide dissemination of Earth Resources Survey  
 Program information and without liability  
 made thereof."

Principal Investigator: Dr. David C. Sweet

State of Ohio

Reporting Period - July - August - September

Overall Status

The primary activity during this reporting period was data receipt and contract coordination. At this time, the contract with Battelle Columbus Laboratories has reached final form, and only standard administrative procedures remain before consummation.\* Also, contracts are presently being pursued with the Mid-Ohio Regional Planning Commission, The City of Columbus, and The Ohio Department of Transportation.

Data Requests and Receipts

The following S 192 SL-2 imagery has been requested from Johnson Spacecraft Center:

Date: 12 June 1973

Expected Accomplishments

Preliminary data analysis activities will be undertaken during the next reporting period. It is likely that future reports and products based upon Skylab data will reflect the extent to which Skylab/EREP data can be used

\* The Milestone Plan has been temporarily postponed until contracts are finalized.
